Experience

Harbor of Hope Women's Cancer Foundation
https://harborofhopewcf.org/
(March 2019) Developed and published a website utilizing GoDaddy's web builder, for a non-profit organization in the
Long Beach CA area. I keep the site updated with current events and help the organization implement new features.
Currently creating a full-stack website using MERN to replace the GoDaddy site in the future.

- Worked in a small call center environment doing out bound calls on leads provided by third party vendors.
  Main duties included taking complete application, providing excellent customer service, following up on
  needed documents
- Working from home as a remote Mortgage Consultant taking inbound calls, following up with online leads,
  and making sure that files move forward in a timely fashion. Closing 5 to 8 loans a month consistently. I
  enjoy working in a team environment and at the same time work very hard independently.
- Assisted *Regional Vice President of Sales by following up loan status with production, and document status
  with clients. Explained terms and details of loans to clients in professional and timely fashion. Generated my
  own leads through personal contacts, business relationships, and marketing strategies.*
